

Implementation Consultant

4420 Chatterton Way
Suite 201
Victoria BC V8X 5J2

T: (250) 704-4450
F: (250) 704-4492

Location: Sacramento, California

Company Summary

Agresso is a global leader of fully-integrated enterprise resource planning (ERP) solutions for organizations in a number of market segments including Local Government, Commercial and Professional Services, Higher Education and Travel.

Job Summary

- Provide high-level estimates for design and implementation efforts along with communicating status of issues and impacts with relevant client sponsors and process owners.
- Assist in the analysis and documentation of as-is capabilities about business processes, people, technology, etc.
- Assist in the development and testing of new business processes, capabilities and, as appropriate, supporting technologies.
- Perform GAP analysis to determine customization and project planning purposes. Develop deployment deliverables (communications, training, etc.).
- Perform application design activities (e.g., writing functional designs).
- Perform portions of technology architecture and infrastructure design activities.
- Oversight of technology build, test and deployment activities.
- Conduct application training for customers and provide appropriate documentation for follow up.
- Research and retrieve information needed to serve client needs.
- Support improvements in Agresso Implementation Methodology (AIM), collateral and practices by recommending changes to business process templates, systems configuration guides and implementation procedures.
- Deliver a high level of commitment to client success and provide timely and quality services that meet or exceed expectations.
- Troubleshoot and resolve complex customer environment problems.
- Act as a mentor/coach to other Implementation Consultants and supports the team.

Requirements:

- B.A. Business Administration.
- Four years experience with ERP business process analysis and design including Project Costing and Billing, Procurement, and/or HR/Payroll experience.
- Ability to interpret client business requirements to build a solution.
- Knowledge of business intelligence and reporting tools.
- Availability for domestic and international travel – 75 to 80% of time.

If you are looking for an exciting new opportunity, please email your resume and cover letter to hr@agresso.com, quoting the position title "Implementation Consultant - Sacramento" in your subject line.
